

GO Get Networking Objectives and Rules for attendance

GO Get Networking has been created to give small businesses an opportunity to network informally at no cost. It is a chance for us all to come together and learn about each other, and share useful tips, without the competition of the big corporates.

Rules:

- This is a free event and if you do sign up to attend, we ask that you please honour your space. Numbers are limited and you will be taking away someone else's opportunity to network by not turning up on the day.
- Please turn up promptly and sign in to allow as much time to network as possible.
- GO Get Organised are happy to organise these events for you; in return we would appreciate it if you could help us by spreading the word and telling others about us and the services that we offer, if you think we can help.
- Businesses with more than one site are not allowed to attend this event, to give smaller businesses a greater opportunity. The only exception will be for companies who offer work space to small businesses.
- Finally, just have fun and enjoy meeting some great new people and building great connections!

GO Get Networking is sponsored & organised by GO Get Organised Ltd
